Private Placement Memorandum

Mining Project Investment Initiative

For Members and Affiliates of the National Taxi Alliance

Date: November 2025

## Executive Summary

The National Taxi Alliance (NTA) introduces this Private Placement Memorandum (PPM) to enable its members and affiliated associations to participate in a cooperative mining investment initiative. The purpose of this project is to diversify the income streams of the taxi industry and promote sustainable wealth creation through equity participation in South Africa ' s mining sector.

## Investment Overview

The Mining Project seeks to establish a member-owned mining enterprise focusing on mineral extraction and supply to both domestic and international markets. NTA members will collectively fund and own the venture through share contributions, creating a new economic pillar under the NTA Cooperative Investment Initiative.

Funding requirements: R50 million initial capital raise. Minimum member contribution: R1,800. Expected annual return: 12–18% (projected based on market performance). Investment period: 5 years with annual dividend payout options.

## Share Structure and Participation

Each member or affiliated association may purchase shares proportionate to their contribution. Shares grant voting rights and annual dividends. The project is governed under the cooperative investment model, ensuring equal opportunity for all participants regardless of fleet size or regional branch.

## Management and Governance

The project will be managed under the oversight of the NTA Executive Committee, led by the Acting Chairperson, Mr. T.B. Buthelezi. Operational and financial management will be handled by a professional project management team appointed jointly by the NTA and its strategic partners.

## Risk Factors

Investors should note that mining projects involve operational and market risks, including commodity price volatility, regulatory changes, and environmental compliance costs. All members are encouraged to review this memorandum thoroughly before subscribing.
